For Immediate Release...

THE PILOT MIND DRONE ACADEMY TO LAUNCH CENTER OF DRONE EXCELLENCE IN NORTHEAST PENNSYLVANIA

(10 Feb 2025-NE Pennsylvania) --The future has arrived in northeast Pennsylvania...and it is ready for take-off.

The Pilot Mind Drone Academy will host a press conference and ribbon cutting ceremony at its state-of-the-art training facility on Saturday, April 26, 2025. The press conference starts at 11:15am ET and the ribbon-cutting will be at noon.

The public is welcome, and doors will open at 10:00 am ET, where there will be tours, demonstrations, drone stories, flight simulations, refreshments, and a chance for all our visitors to fly drones!

"We are thrilled to bring the Tech Economy home to NEPA," said Dr. John G. Duesler, Jr., Founder of The Pilot Mind. "I've been waiting for 30+ years to feel the excitement around NEPA that I am witnessing now. More young people are sticking around and looking for careers here. The region is poised to become the drone training capital of Pennsylvania, which is our mission."

Duesler was raised in Courtdale, graduated from Bishop O'Reilly High School and Wilkes College before traveling the world with his sports broadcasting drone company.

"I take The Valley with me everywhere I go in the world...and that's a good thing," Duesler explained. "Now I'm bringing all my professional drone experiences and technical training to NEPA, so we can lead the region in this new #DroneEconomy. We are going to be future makers," Duesler beamed.

The Pilot Mind is a drone training Academy with programs that develop new drone pilots from beginner to expert. Their specialized and proprietary training methods can be used to grow the local and regional roster of drone operators. The academy is located in the Grimes Industrial Park, 1200 Sathers Drive, Pittston Twp., Pennsylvania 18640. The curriculum of four modules guides trainees to become experts at the highest level of training available. Always live, The Pilot Mind offers in-person, online, and hybrid training to all their students. #JoinUs to find out more; visit <https://thepilotmind.pro> or email enroll@thepilotmind.pro.
